

Albedor Industries Componentry List

Effective 1st January 2026

	Required	
	Yes	No
● CARCASE (UNASSEMBLED or ASSEMBLED) - 16mm White Particle Board, with 1mm PVC Edge	<input type="checkbox"/>	<input type="checkbox"/>
● KICKER BASES (UNASSEMBLED) 16mm White Particle Board, or adjustable legs.	<input type="checkbox"/>	<input type="checkbox"/>
● DOOR/DRAWER FRONTS	<input type="checkbox"/>	<input type="checkbox"/>
● DRILLING FOR DRAWERS	<input type="checkbox"/>	<input type="checkbox"/>
● DRILLING FOR HINGE HOLES	<input type="checkbox"/>	<input type="checkbox"/>
● PANELS/INFILLS	<input type="checkbox"/>	<input type="checkbox"/>
● HARDWARE (UNASSEMBLED) - Hinges & Plates - Type _____	<input type="checkbox"/>	<input type="checkbox"/>
- Drawer Runners - Type _____	<input type="checkbox"/>	<input type="checkbox"/>
-Drawer System - Type _____	<input type="checkbox"/>	<input type="checkbox"/>
- Assembly Screws	<input type="checkbox"/>	<input type="checkbox"/>
SHELF SUPPORTS - Clear or White _____	<input type="checkbox"/>	<input type="checkbox"/>
OTHER -Type _____	<input type="checkbox"/>	<input type="checkbox"/>
● LAMINATE BENCHTOPS (UNASSEMBLED WITHOUT CUTOUTS) -Provide drawing nominating selected colour/finish/brand dimensions, profile and finish edges (Please attach any additional notes and drawings as required).	<input type="checkbox"/>	<input type="checkbox"/>

Albedor Industries Helpful Hints

Effective 1st January 2026

- When measuring your project space, take multiple measurements to determine squareness of walls, floor levels etc. - mark your drawings with all relevant dimensions.
- Take note of all existing skirtings, doors, windows, plumbing and power locations that may impact on your proposed layout.
- Albedor cabinetry components are supplied **unassembled OR assembled**. Consider site access, storage and assembly space adjacent to or within your project space.
- Typical finished bench heights are nominally 900mm from the floor level. Consider and select your benchtop thickness prior to finalizing cupboard and kicker heights. (eg: 900mm finished height comprising of 32mm Laminate Benchtop, 720mm cabinet, 148 Kicker Base).
- Ensure adequate space is allowed in height, width and depth at appliance locations (dishwasher, fridge, microwave and rangehood). NB: For all clearances, please refer to your appliance specifications for guidance.
- Allow for fillers when cabinets are against walls and consider material thickness when placing panels between cabinets.
- Albedor componentry will be packed and wrapped on a skid base and loaded at Albedor by fork lift. Please discuss with Albedor the best method for you to collect your order (trailer, utility, van or truck).
- Concave 25 profile on 18mm substrate IS NOT compatible with conventional cup hole depth of 13mm for hinged doors. Concave 25 profile can be quoted/ordered on 25mm substrate if hingeing is required.
